

Another Happy Tail

Why C4P microchips all Cats!

Agatha

Mercedes

Agatha (now Mercedes) was first adopted in Feb 2022 & living in Richmond.

She was recently found in Falls Church and taken to the shelter to check for a microchip. C4P was contacted and the lady that found her adopted her!

This was made possible by microchips. Shelters and vets are happy to check found animals for microchips. This is great news for **all animals!**

Kitten Tails

“A kitten is the delight of a household. All day long, comedy is played by an incomparable actor.” -- Jules Champfleury

Sam the Girl Kitty

Kept her name. Things are going real good with Sam. Sam and Lani (our other cat) have been getting along well and playing together.

Rose is now Inky

Rose is doing really well! She and our other cat are playing. We did rename her Inky to go with our other cat whose name is Smudge!

“They say the test of literary power is whether a man can write an inscription.

I say, “Can he name a Kitten?”

--Samuel Butler
